**AUDITORS' REPORT
TO THE SHAREHOLDERS OF
THE PENINSULA CHITTAGONG LIMITED**

Report on the Financial Statements

We have audited the accompanying financial statements of **The Peninsula Chittagong Limited** ("the Company") which comprise the statement of financial position as at 30 June 2017, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Financial Reporting Standards (BFRS), the Companies Act 1994 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSA). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other matter

The financial statements of the company for the year ended 30 June 2016 were audited by Hoda Vasi Chowdhury & Co., Chartered Accountants and issued unmodified opinion on 23 October 2016.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Company as at 30 June 2017, and of its financial performance and its cash flows for the year then ended in accordance with Bangladesh Financial Reporting Standards (BFRS), the Companies Act 1994, and other applicable laws and regulations.

Report on Other Legal and Regulatory Requirements

In accordance with the Companies Act 1994 and Securities and Exchange Rules 1987, we also report the following:

- we have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- in our opinion, proper books of account as required by law have been kept by the Company so far as it appeared from our examination of those books;
- the statement of financial position, and the statement of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of account.
- the expenditure incurred was for the purposes of the Company's business.

2.00 BASIS OF PREPARATION

2.01 Statement of Compliance

These Financial Statements have been prepared on going concern basis following accrual basis of accounting except for Statement of Cash Flows in accordance with the International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) as adopted in Bangladesh by the Institute of Chartered Accountants of Bangladesh (ICAB) as Bangladesh Accounting Standards (BASs) and Bangladesh Financial Reporting Standards (BFRSs).

2.02 Basis of Reporting

The financial statements are prepared and presented for external users by the company in accordance with identified financial reporting framework. Presentation has been made in compliance with the requirements of BAS 1 – "Presentation of Financial Statements". The financial statements comprise of:

- a) A statement of financial position as at 30 June 2017.
- b) A statement of profit or loss and other comprehensive income for the year ended 30 June 2017.
- c) A statement of changes in equity for the year ended 30 June 2017.
- d) A statement of cash flows for the year ended 30 June 2017.
- e) Notes, comprising a summary of significant accounting policies and explanatory information.

2.03 Other Regulatory Compliances

The company is also required to comply with the following major laws and regulations along with the Companies Act 1994:

- i) The Income Tax Ordinance, 1984
- ii) The Income Tax Rules, 1984
- iii) The Value Added Tax Act, 1991
- iv) The Value Added Tax Rules, 1991
- v) The Securities and Exchange Rules, 1987
- vi) The Securities and Exchange Ordinance, 1969
- vii) The Customs Act, 1969
- viii) Bangladesh Labour Law, 2006

2.04 Authorization for Issue

These financial statements have been authorized for issue by the Board of Directors on 08 October 2017.

2.05 Basis of Measurement

These financial statements have been prepared on going concern basis under the historical cost convention except for land and land development of property, plant and equipment and Investment in quoted shares which are measured at fair value.

2.06 Functional and Presentation Currency

These financial statements are presented in Bangladesh Taka (BDT) which is the company's functional currency. All the financial information presented in Bangladesh Taka has been rounded off to the nearest Taka except when otherwise indicated.

2.07 Statement of Cash Flows

Statement of cash flows has been prepared in accordance with BAS 7: Statement of Cash Flows and the cash flow from operating activities have been presented under direct method.

2.08 Going Concern

The Company has adequate resources to continue its operation for foreseeable future and hence, the financial statements have been prepared on going concern basis. As per management's assessment there are no material uncertainties related to events or conditions which may cast significant doubt upon the company's ability to continue as a going concern.

2.09 Applicable Accounting Standards

The following BASs and BFRSs are applicable for preparation and reporting of the Financial Statements for the year under review:

- BAS - 1 Presentation of Financial Statements
- BAS - 2 Inventories
- BAS - 7 Statement of Cash Flows
- BAS - 8 Accounting Policies, Changes in Accounting Estimates and Errors
- BAS - 10 Events after the Reporting Period
- BAS - 12 Income Taxes
- BAS - 16 Property, Plant and Equipment
- BAS - 17 Leases
- BAS - 18 Revenue
- BAS - 19 Employee Benefits
- BAS - 21 The Effects of Changes in Foreign Exchange Rates
- BAS - 23 Borrowing Costs
- BAS - 24 Related Party Disclosures
- BAS - 33 Earnings Per Share
- BAS - 37 Provisions, Contingent Liabilities and Contingent Assets
- BAS - 38 Intangible Assets
- BAS - 39 Financial Instruments: Recognition and Measurement
- BFRS - 7 Financial Instruments: Disclosures
- BFRS - 13 Fair Value Measurement

2.10 Standards Adopted but not Yet Effective

The Institute of Chartered Accountants of Bangladesh (ICAB) has adopted following new standards and amendments to standards -

- (a) BFRS - 9 Financial Instruments
- (b) BFRS - 15 Revenue from Contracts with Customers

The above standards are effective for annual reporting periods beginning on or after 01 January 2018, with early adoption permitted. The Company is assessing the potential impact on its financial statements resulting from the application of BFRS 9 and BFRS 15.

2.11 Use of Estimates and Judgments

The preparation of the financial statements in conformity with BFRSs requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Estimates and assumptions are reviewed on an ongoing basis.

The estimates and underlying assumptions are based on past experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

- Note: 4 Property, plant and equipment
- Note: 5 Intangible assets
- Note: 7 Inventories
- Note: 8 Accounts receivable
- Note: 17 Deferred tax liabilities
- Note: 20 Provision for income tax

2.12 Change in Accounting Estimates

For the year ended on 30 June 2017, intangible assets has been amortised using the straight line method so as to write off the assets over their expected useful life. Amortisation on additions of assets during the period is charged from the month (date of service) of addition of the respective asset.

2.13 Comparative Information

Comparative information has been disclosed in respect of the year ended on 30 June 2017 in accordance with BAS - 1 "Presentation of Financial Statements", for all numeric information in the financial statements. Comparative figures have been rearranged wherever considered necessary to ensure better comparability with the current year without causing any impact on the profit and value of assets and liabilities as reported in the financial statements.

2.14 Reporting Period

The financial statements of the company covered the reporting period of one year commencing from 01 July 2016 to 30 June 2017 which is followed consistently.

3.00 SIGNIFICANT ACCOUNTING POLICIES

The specific accounting policies selected and applied by the company's directors for significant transactions and events that have material effect within the framework of BAS-1 "Presentation of Financial Statements", in preparation and presentation of financial statements have been consistently applied throughout the year and were also consistent with those used in earlier years.

For a proper understanding of the financial statements, these accounting policies are set out below in one place as prescribed by the BAS-1 "Presentation of Financial Statements". The recommendations of BAS-1 relating to the format of financial statements were also taken into full consideration for fair presentation.

3.01 Consistency

Unless otherwise stated, the accounting policies and methods of computation used in preparation of Financial Statements for the year ended on 30 June 2017 are consistent with those policies and methods adopted in preparing the Financial Statements for the year ended on 30 June 2016.

3.02 Property, Plant and Equipment (PPE)

Items of property, plant and equipment are stated at cost and re-valued amount less accumulated depreciation and accumulated impairment losses, if any.

3.02.01 Recognition and Measurement

The cost of an item of property, plant and equipment comprises its purchase price, import duty and non-refundable taxes (after deducting trade discount and rebates) and any cost directly attributable to the acquisition of the assets. The cost of self constructed/installed assets includes the cost of materials, direct labour and any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the intended manner and the cost of dismantling and removing the items and restoring the site on which they are located.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The gain or loss on disposal of an item of property, plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of the property, plant and equipment and is recognised under other income/expenses in the statement of profit or loss and other comprehensive income.

3.02.02 Subsequent Costs

The cost of replacing or upgrading part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss.

3.02.03 Depreciation

Land is held on a freehold basis and is not depreciated considering the unlimited useful life. In respect of all other property, plant and equipment, depreciation is recognised in statement of profit or loss and other comprehensive income on diminishing balance method over the estimated useful lives of property, plant and equipment. Significant parts of individual assets are assessed and if a component has a useful life that is different from the remainder of that asset, that component is depreciated separately.

Depreciation is charged on addition from the month (date of service) of acquisition/addition upto the month of disposal. The depreciation method used reflects the pattern in which the asset's economic benefits are consumed by the entity. The principal annual rates/useful lives are as follows.

<u>CATEGORY OF ASSETS</u>	<u>RATE OF DEPRECIATION (%)</u>
Hotel Building	2%
Plant and Machineries	5%
Equipment and Appliance	5% - 10%
• Office Equipment	10%
• Electrical Equipment	10%
• Air Conditioner	5%
• Kitchen Equipment	5%
• House Keeping Equipment	10%
• Bar Equipment	10%
• Security Equipment	10%
• Linen	10%
• SPA	5%
• Wooden Floor	5%
• Tumbler Drier	10%
Motor Vehicles	10%
Furniture & Fixtures	5%
Office Decoration	5%

Depreciation methods, useful lives and residual values are reassessed at the reporting date and adjusted if appropriate.

Upon retirement of assets, the cost and related accumulated depreciation are eliminated from the accounts and resulting gain or loss is charged or credited to statement of profit or loss and other comprehensive income.

3.02.04 Revaluation of Property, Plant and Equipment

Since inception, the company revalued its fixed assets for the 1st time in the year 2010-2011 by Syful Shamsul Alam & Co., Chartered Accountants. Reserve was created by the sum of revaluation surplus as per the provision of BAS-16.

The board of directors agreed to discard the revaluation surplus of all assets except Land & Land Development in a board meeting held on 05 August 2012 and instructed the management to consider the proper accounting policies for it.

3.03 Intangible Asset

3.03.01 Recognition and Measurement

Intangible assets that are acquired by the company and have finite useful lives are measured at cost less accumulated amortization and accumulated impairment loss, if any. Intangible assets are recognised when all the conditions for recognition as per BAS 38: "Intangible Assets" are met. The cost of an intangible asset comprises its purchase price and any directly attributable cost of preparing the asset for its intended use.

3.03.02 Subsequent Costs

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures are recognised in profit or loss as incurred.

3.03.03 Amortisation

The intangible assets of the company are ERP (Tally) and Hotel Management software which are amortised every month following straight line method for 10 (ten) years. The amortisation cost is charged in profit or loss.

Amortisation methods, useful lives and residual values are reassessed at the reporting date and adjusted if appropriate.

3.04 Capital Work-in-Progress

Property, Plant and Equipment under construction/acquisition is accounted for as capital work-in-progress until construction/acquisition is completed and measured at cost.

3.05 Leases

At inception of an arrangement, the company determines whether the arrangement is or contains a lease. At inception or on reassessment of an arrangement that contains a lease, the entity separates payments and other consideration required by the arrangement into those for the lease and those for other elements on the basis of their relative fair values.

3.05.01 Finance Lease

Leases in terms of which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. Upon initial recognition the leased asset is measured at an amount equal to the lower of its fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset. Minimum lease payments made under finance lease are apportioned between the finance expense and the reduction of outstanding liability. The finance expense is allocated to each year during the lease term so as to produce a constant rate of interest on the remaining balance of the liability.

3.05.02 Operating Lease

Leases that are not finance lease are considered as operating leases and the leased assets are not recognised in the Company's Statement of Financial Position. Payments made under operating leases are recognised in profit or loss on a straight line basis over the term of the lease.

3.06 Inventories

Nature of inventories

Inventories comprise of food & beverage, house keeping materials, printing & stationary, hard drinks, stores & spares etc.

Valuation of the inventories

Inventories are measured at lower of cost and net realizable value. The cost of inventories include expenditure incurred in acquiring these inventories, and other costs incurred in bringing them to their existing location and condition in accordance with BAS 2 "Inventories".

<u>Category</u>	<u>Valuation</u>
Food	Weighted average cost
Beverage	Weighted average cost
House Keeping Materials	Weighted average cost
Printing & Stationary	Weighted average cost
Store & Spares	Weighted average cost

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and selling expenses.

3.07 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

3.07.01 Financial Assets

The Company initially recognises, loans receivables and deposits on the date that they are originated. All other financial assets are recognised initially on the date at which the company becomes a party to the contractual provisions of the instrument.

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expires, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial assets are transferred.

Financial assets are classified into the following categories: financial assets at fair value through profit or loss, held to maturity, loans and receivables and available-for-sale financial assets.

At fair value through profit or loss

A financial asset is classified as at fair value through profit or loss if it is classified as held for trading or is designated as such on initial recognition. Financial assets are designated as at fair value through profit or loss if the company manages such investment and makes purchase or sale decisions based on their fair value in accordance with the company's documented risk management or investment strategy. Attributable transactions costs are recognised in profit and loss as incurred. Financial assets at fair value through profit or loss are measured at fair value and changes therein which take into account and dividend income are recognised in profit or loss. Investment in equity securities and debt securities are classified under at fair value through profit or loss.

Held to maturity

These assets are initially recognised at fair value plus any directly attributable transaction cost. Subsequent to initial recognition, they are measured at amortized cost using the effective interest method.

Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortized cost.

Loans and receivables comprise cash and cash equivalents, loans and accounts and other receivables and deposits.

(a) Account receivable

Account receivable are initially recognised at cost which is the fair value of the consideration given in return. After initial recognition, these are carried at cost less impairment losses, if any, due to un-collectability of any amount so recognised.

There is no fixed company policy regarding provision for impairment loss on receivables, if any receivables are not realized within the credit period. It has been dealt with on case to case basis.

(b) Advances, deposits and prepayments

Advances are initially measured at cost. After initial recognition, advances are carried at cost less deductions, adjustments or charges to other account heads such as Property, Plant and Equipment, Inventory or Expenses.

Deposits are measured at payment value.

Prepayments are initially measured at cost. After initial recognition, prepayments are carried at cost less charges to profit or loss.

(c) Cash and cash equivalents

Cash and cash equivalents comprise cash in hand and demand deposits, together with short-term, highly liquid investments that are readily convertible to a known amount of cash, and that are subject to an insignificant risk of changes in value.

Available-for-sale

Available-for-sale financial assets are non-derivative financial assets that are designated as available for sale and are not classified in any other categories of financial assets. Generally available-for-sale financial assets are recognised initially at fair value plus any directly attributable transaction costs and subsequent to initial recognition at fair value and changes therein other than impairment losses are recognised in other comprehensive income and presented in the fair value reserve in equity. Financial assets which are not traded in the market have been valued at cost unless any indication of impairment in value of such financial assets exist. Cumulative gain/losses recognised in the other comprehensive income are reclassified from equity to profit or loss upon derecognition or reclassification.

3.07.02 Financial Liabilities

The company initially recognises all financial liabilities on the trade date which is the date the company becomes a party to the contractual provisions of the instrument.

The company derecognises a financial liability when its contractual obligations are discharged, cancelled or expired.

The company classifies non-derivative financial liabilities into the other financial liabilities category. Such financial liabilities are recognised initially at fair value less directly attributable transaction cost. Subsequent to initial recognition, these financial liabilities are measured at amortized cost.

Other financial liabilities comprise loans and borrowings, bank overdrafts and accounts payable.

(a) Accounts payable

The company recognises a financial liability when its contractual obligations arising from past events are certain and the settlement of which is expected to result in an outflow from the company of resources embodying economic benefits.

3.08 Impairment

3.08.01 Financial Assets

Financial assets are impaired if objective evidence indicates that a loss event has occurred after initial recognition of the assets and that the loss event had a negative effect on the estimated future cash flows of that assets that can be estimated reliably.

Financial assets not classified as at fair value through profit or loss, including an interest in an equity accounted investee, are assessed at each reporting date to determine whether there is objective evidence of impairment.

Objective evidence that financial assets are impaired includes:

- default or delinquency by a debtor
- restructuring of an amount due to the company on terms that the company would not consider otherwise
- indications that a debtor or issuer will enter bankruptcy
- adverse changes in the payment status of borrowers or issuers
- the disappearance of an active market for a security, or
- observable data indicating that there is a measurable decrease in expected cash flows from a group of financial assets

For an investment in an equity security, objective evidence of impairment includes a significant or prolonged decline in its fair value below its cost.

3.08.02 Financial Assets Measured at Amortized Cost

The company considers evidence of impairment for these assets at both an individual asset and a collective level. All individually significant assets are individually assessed for impairment. Collective assessment is carried out by grouping together assets with similar risks characteristics.

In assessing collective impairment, the company uses historical information on the timing of recoveries and the amount of loss incurred, and makes any adjustment if current economic and credit conditions are such that the actual losses are likely to be greater or lesser than suggested by historical trends.

An impairment loss is calculated as the difference between an asset's carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Losses are recognised in profit or loss and reflected in an allowance account. When the company considers that there is no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

3.08.03 Available for Sale Financial Assets

Impairment losses on available for sale financial assets are recognised by reclassifying the losses accumulated in the fair value reserve to profit or loss. The amount reclassified is the difference between the acquisition cost (net of any principal repayment and amortization) and the current fair value, less any impairment loss previously recognised in profit or loss. If the fair value of an impaired available for sale debt security subsequently increases and the increase can be related objectively to an event occurring after the impairment loss was recognised, then the impairment loss is reversed through profit or loss; otherwise, it is reversed through other comprehensive income.

3.08.04 Non Financial Assets

The carrying amounts of the company's property, plant and equipment are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the property, plant and equipment's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses, if any, are recognised in the statement of profit or loss, other comprehensive income and equity as applicable.

3.09 Transactions with Related Parties

The objective of BAS 24 "Related Party Disclosure" is to ensure that an entity's financial statements contain the disclosures necessary to draw attention to the possibility that its financial position and profit or loss may have been affected by the existence of related parties and by transactions and outstanding balances with such parties.

Parties are considered to be related if one party has the ability to control the other party or to exercise significant influence or joint control over the other party in making financial and operating decisions.

A party is related to an entity if: [BAS 24.9] directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with, the entity has an interest in the entity that gives it significant influence over the entity, has joint control over the entity, the party is a member of the key management personnel of the entity or its parent, the party is a close member of the family of any individual, the party is an entity that is controlled, jointly controlled or significantly influenced by or for which significant voting power in such entity resides with, directly or indirectly, any individual and the party is a post-employment benefit plan for the benefit of employees of the entity.

3.10 Share Capital

Paid-up-capital represents total amount contributed by the shareholders and bonus shares issued by the company to the ordinary shareholders. Incremental costs directly attributable to the issue of ordinary shares are recognised as expenses as and when incurred. Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to vote at shareholders' meetings. In the event of a winding up of the company, ordinary shareholders rank after all other shareholders. Creditors are fully entitled to any proceeds of liquidation before all shareholders.

3.11 Employee Benefit Schemes

The company maintains both defined contribution plan and defined benefit plan for its eligible permanent employees.

3.11.01 Defined Contribution Plan

A defined contribution plan is a post-employment benefit plan under which the company pays fixed contributions into a separate fund and will have no legal or constructive obligation to pay further amount. The company maintains the Provident Fund for all permanent employees at which both the company and employees contribute @ 7% of basic salary. The Employees' Provident Fund is considered as defined contribution plan as it meets the recognition criteria specified for this purpose in BAS-19.

Obligation for contribution to defined contribution plan is recognised as provident fund (PF) contribution expenses in profit or loss in the year during which services are rendered by employees. Advance against PF is recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

3.11.02 Defined Benefit Plan

Workers' Profit Participation and Welfare Funds

The company also recognises a provision for Workers' Profit Participation and Welfare Funds @ 5% of net profit before tax in accordance with the provision of Section 234 (Kha), Chapter 15 of Bangladesh Labour Law 2006.

3.12 Income Tax Expenses

Income tax expenses comprise current and deferred tax. Current tax and deferred tax are recognised in profit and loss except to the extent that it relates to items recognised directly in equity or in other comprehensive income.

3.12.01 Current Tax

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using rates enacted or substantially enacted at the reporting date and any adjustment to tax payable in respect of previous years.

3.12.02 Deferred Tax

Deferred tax is recognised in compliance with BAS 12: Income taxes, providing for temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and amount used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted at the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the authority on the same taxable entity.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax on revaluation surplus of land and land development has not been recognised in the financial statements on the ground that income tax payable at source on capital gain during registration of sale of land are generally borne by the buyer. Hence, possibility of having any income tax implications on land is very remote.

3.13 Provisions and Contingencies

A provision is recognised in the Statement of Financial Position when the company has a legal or contractual obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Contingencies arising from claims, litigations, assessments, fine, penalties etc. are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Contingent assets are not recognised.

3.14 Revenue

Revenue arises from the provision of services where these activities give rise to economic benefits received and receivable by the company. Revenue is recognised when the services delivered/provided net of discounts and applicable duties and taxes, if any.

3.15 Other Operating Income

Other operating income includes gain / (loss) on sale of non-current assets and miscellaneous receipts. Other operating income is recognised as revenue income as and when realised.

3.16 Finance Income and Expenses

3.16.01 Finance Income

Interest income on Fixed Deposit Receipts (FDR) and Short Term Deposits (STD) account has recognised when received or accrued on a time basis by reference to the principal outstanding at the effective interest applicable.

3.16.02 Finance Expenses

Interest expenses except expenses related to acquisition/construction of assets, incurred during the year are charged to Statement of Profit or Loss and Other Comprehensive Income on accrual basis.

Interest income/expenses on amount due to/due from inter companies, if any, has been recognised periodically.

3.17 Borrowing Costs

Interest and other costs incurred by the company in connection with the borrowing of funds are recognised as expense in the year in which they are incurred, unless such borrowing cost relates to acquisition / construction of assets in progress that are capitalized as per BAS 23 "Borrowing Costs". Borrowing cost incurred against loan for BMRE project has been capitalised under effective interest rate method.

3.18 Foreign Currency Transactions

Transactions in foreign currencies are translated to the functional currency (BDT) at exchange rates at the dates of transactions. Monetary assets and liabilities denominated in foreign currencies at reporting date are re-translated into Bangladesh Taka at the exchange rates ruling at the reporting date. Non-monetary assets and liabilities denominated in foreign currencies, stated at historical cost, are translated into Bangladesh Taka at the exchange rate ruling at the date of transaction. Foreign exchange differences arising on translation are recognised in profit or loss.

3.19 Earnings Per Share (EPS)

The company calculates its earnings per share in accordance with Bangladesh Accounting Standard BAS-33 "Earnings per Share" which has been reported on the face of Statement of Profit or Loss and Other Comprehensive Income.

This represents profit for the year attributable to ordinary shareholders. As there is no preference dividend, non-controlling interest or extra ordinary items, the net profit after tax for the year has been considered fully attributable to the ordinary shareholders.

3.19.01 Basic Earnings Per Share

This has been calculated by dividing the basic earnings by the weighted average number of ordinary shares outstanding during the year.

3.19.02 Diluted Earnings Per Share:

Diluted earnings per share is required to be calculated for the year when scope for dilution exists.

3.20 Measurement of Fair Values

When measuring the fair value of an asset or liability, the entity uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data.

If the inputs used to measure the fair value of an asset or liability might be categorised in different levels of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Property, plant and equipment

The fair value of land and land development of property, plant and equipment has been determined based on Net Realisable Value Method/ Market Value Method depending on the nature and corresponding circumstances.

Equity and debt securities

Fair values of tradable equity and debt securities are determined by reference to their quoted closing price in active market at the reporting date which are categorised under 'Level 1' of the fair value hierarchy.

3.21 Events After the Reporting Period

Events after the reporting period that provide additional information about the company's position at the date of Statement of Financial Position or those that indicate the going concern assumption is not appropriate are reflected in the Financial Statements. Events after the reporting period that are not adjusting events are disclosed in the notes when material.

37.00 Contingent liabilities and Commitments

37.01 Contingencies

A writ petition (no. 8924 of 2014) was filed before the High Court Division (HCD) of the Honorable Supreme Court of Bangladesh (SCB) challenging the order dated 25 August 2014 (issued on 03 September 2014) passed by the Customs, Excise and VAT Appellate Tribunal in file no. CEVT.Case(VAT)-74/2014 demanding payment of Tk. 137,466,731. While filing the writ petition the company had to deposit Tk. 13,746,673 with government treasury being 10% of the demand amount. The Hon'ble HCD after hearing the case referred back to the Commissioner of VAT for a negotiated settlement with the company. Subsequently the Commissioner of VAT has settled the claim at Tk. 30,652,108 vide order no: 83/2016 on 08 September 2016 under section-55(3) of Value added tax law 1991. The claim amount has duly been paid and charged in the profit or loss during the year.

37.02 Capital expenditure commitment

The company has no capital expenditure commitment at the reporting date.

37.03 Directors' interest in contracts with the company

There was no transaction resulting in Directors' interest with the company and no leasing facilities have been made available to the Directors.

37.04 Segment reporting

As there is a single business and geographic segment within which the company operates no segment reporting is felt necessary.

37.05 Credit facility not availed

There was no credit facility available to the company under any contract, but not availed as on 30 June 2017 other than trade credit available in the ordinary course of business.

38.00 Events after reporting period

The Board of Directors at the meeting held on 08 October 2017 has recommended 5% cash dividend for the year ended 30 June 2017.

39.00 Financial Instruments- Accounting classifications and fair values

The following table shows the carrying amounts of financial assets and financial liabilities. It does not include fair value information for financial assets and financial liabilities not measured at fair value as the carrying amount is a reasonable approximation of fair value.

40.00 Financial instruments- Financial risk management

Bangladesh Financial Reporting Standard BFRS 7 - Financial Instruments: Disclosures - requires disclosure of information relating to both recognized and unrecognized financial instruments, their significance and performance, accounting policies, terms and conditions, net fair values and risk information- the company's policies for controlling risks and exposures.

The management has overall responsibility for the establishment and oversight of the company's risk management framework. The company's risk management policies are established to identify and analyze the risks faced by the company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the company's activities. This note presents information about the company's exposure to each of the following risks, the company's objectives, policies and processes for measuring and managing risk, and the company's management of capital. The company has exposure to the following risks from its use of financial instruments.

- a) Credit risk
- b) Liquidity risk
- c) Market risk

40.01 Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations which arises principally from the Company's receivables and investments.

40.01.01 Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	Note(s)	30 June 2017 Taka	30 June 2016 Taka
Investments in FDRs	11.01 & 12.02	1,151,456,715	1,411,895,661
Advances and deposits	10.01 & 10.02	193,332,318	179,894,735
Accounts and other receivables	8 & 9	52,225,424	47,694,716
Cash at banks	12.01	21,079,368	23,851,566
		<u>1,418,093,825</u>	<u>1,663,336,678</u>

(i) Accounts receivable

The company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry in which customers operate.

Ageing of accounts receivable

The ageing of gross value at the reporting date that was not impaired was as follows:

	30 June 2017 Taka	30 June 2016 Taka
Dues within 6 Months	36,440,553	26,820,410
Dues over 6 months	3,320,822	6,151,519
	<u>39,761,375</u>	<u>32,971,929</u>

The management believes that the amounts are collectible in full, based on historic payment behaviour and extensive analysis of customer credit risk, including underlying customers' credit ratings if they are available.

(ii) Cash at banks

The company held cash at banks of Tk. 21,079,368 at 30 June 2017 (30 June 2016: Tk. 23,851,566), which represents its maximum credit exposure on these assets. The balance with banks are maintained with both local branch of International banks and domestic scheduled banks.

40.01.02 Impairment losses

Impairment loss at the reporting date

30 June 2017 Taka	30 June 2016 Taka

The Premier Bank Limited	AA2	(4,667,103)	-22.14%
United Commercial Bank Limited	AA	1,062,383	5.04%

All bank balances are reconciled with bank statements and negative balance shown in the bank book representation book overdraft.

40.02 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Exposure to liquidity risk

The following are the contractual maturities of financial liabilities:

Non-derivative financial liabilities	Carrying amount	Interest rate	Contractual cash flows			Total
			Within 12 months	1 to 5 years	More than 5 years	
As at 30 June 2017	Taka		Taka	Taka	Taka	Taka

	279,388,636		278,805,050	583,586	-	279,388,636

40.03 Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates, will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

(a) Currency risk exposure and its management

The company is exposed to currency risk on sales, purchases and borrowings that are denominated in a currency other than the functional currencies of the company. To manage this exposure, the company is adapted direct risk reduction methods based on matching receipts and payments on assets and liabilities.

The Company is only exposed to in foreign currency risk relating to Tk. 265,432 in its Foreign Currency Account relating IPO applications.

(b) Transaction risk

Transaction risk is the risk that the company will incur exchange losses when the accounting results are translated into the home currency.

(c) Economic risk

Economic risk refers to the effect of exchange rate movements on the international competitiveness of the company.

(d) Interest risk

Interest rate risk arises from movement in interest rates. The company needs to manage interest rate risk so as to be able to re-pay debts as they fall due and to minimize the risks surrounding interest payments and receipts.

Exposure to interest rate risk

The interest rate profile of the company's interest-bearing financial instruments as reported to the management of the company is as follows.

	<u>30 June 2017</u>	<u>30 June 2016</u>
	<u>Taka</u>	<u>Taka</u>
